- 1. RATE OF TAX** The rate of tax is determined from the total retail stores operated under the same general management, supervision, ownership or control, wherever located, including the Baker, La. stores covered by this report. Refer to License Tax Schedule above.
- 2. MEASURE OF TAX** The measure, or the amount of tax due the City of Baker is determined by applying the rate of tax to the total retail stores in Baker.
- 3. EXAMPLE** If an operator of a total of 36 retail stores located in Texas, New York, Alabama and Louisiana, operates 5 stores in Baker, the amount of chain store tax would be computed as follows: The License Tax Schedule above shows that the rate of tax on a chain of between 35 and 50 stores is \$20.00 per Baker store. Therefore, the amount of tax due would be 5 Baker Stores at \$20.00 each or a total of \$100.00.
- 4. INTEREST AND PENALTY** If return is not filed and the tax paid before March First of each year, there will be added to the tax interest at the rate of 12% per annum until paid and penalty at the rate of 5% for each thirty days or fraction thereof of delinquency not to exceed 25% in the aggregate.
- 5. NEW STORES OPENED DURING TAXABLE YEAR** The rate of tax for stores opened in Baker after January 1st shall be the same as though the new stores were added to the number in operation on January 1st.  
  
Whenever a new store is opened which was not included in this report, a supplemental report setting forth the required information shall be filed prior to the expiration of thirty days after the date of opening.  
  
If a store is opened in Baker after June 30th of any year, the rate applicable to such store for the first year shall be one-half of the rate determined as hereinabove provided.
